

IN THE TROOPS OF BELFAST!

**CLUB REGULATIONS
MUST BE
FORCED, HE SAYS**

Acting-Deputy
General Says Do
Who Rely on it.

**LICENSES ARE SUSPENDED
FOR INDEFINITE PERIOD**

Forster Holds Managers of
Organizations Should In-
form All Members.

"The regulations in respect of clubs must be strictly enforced as long as I am in a position to enforce them. The managers of clubs in this province are to be late the regulations and trade on the good nature of any officials. That is the position and I am not going to change it. I don't care who it hits." In Manitoba under Robinson they can and do run clubs as they wish and we will not have it in Alberta. We have the clubs and upon gathering evidence suspended indefinitely the liquor licenses of three. The next guilty of these offenses will not have its license suspended, but absolutely cancelled." J. D. Hunt, acting deputy attorney-general, in his office this morning.

"It is up to those who control clubs in Alberta to understand this to the members of their clubs and to see that they understand them. The sum and substance of the matter is that clubs must be run as clubs." F. G. Forster, chief liquor inspector, after private detective work, has gathered information which convinced J. D. Hunt, acting deputy attorney-general, that the regulations respecting liquor therein were being flagrantly violated. Mr. Hunt took prompt and drastic action last night. Under his orders the liquor licenses of three clubs in Edmonton—the Opus, Greek-Canadian and Venice—two in Calgary—the Humber and the Morning Star—were suspended indefinitely.

E. H. Garrison, license inspector, F. G. Forster, chief liquor inspector, last night handed a letter from Mr. Hunt to the managers of each of the three clubs. The letters were in each case the same and as follows:

March 20th, 1914.
Sir—I beg to advise you of the "permission" granted to—(name of the club)—issued by the attorney-general under authority of the Liquor License Ordinance, as amended, and terms and conditions framed thereunder. As this day hereinafter, I beg to further advise you that during the period of such suspension you shall be deemed to be in violation of the above-mentioned section of the liquor license ordinance.

JOHN D. HUNT,
Acting Deputy Attorney-General.

The reasons given for the suspension of the licenses were the infraction of the following clauses contained in the regulations issued by the attorney-general regarding the conduct of such clubs:

Clause 4. No sale or other disposal of liquor shall take place in any club between the hours of 12 midnight and 8 o'clock the following day.

Clause 9. A club shall not allow any drunkenness, violence, quarrelsomeness, riotous or disorderly conduct, or gambling to take place on its premises, nor shall any servant or officer of a club sell liquor to any drunken person, and no such person shall be allowed to consume any intoxicating liquor on club premises.

Clause 12. No liquor shall be sold or disposed of at a price except for consumption on club premises.

Clause 14. Every club shall keep a book or register in which shall be entered or written the name of every person introduced or put up as a guest, and also the signature of the member introducing or putting up such person. These suspensions affect only the permission to sell liquor, the clubs, dining rooms and lounge rooms being allowed to run as usual. However, three inspectors will be employed for the special purpose of watching the clubs to see that the regulations, either in regard to liquor selling, or otherwise, are not broken.

The detectives who gathered the information regarding the clubs report that the three clubs in question were closed at midnight. In question, liquor was taken away from the premises for consumption elsewhere. It was allowed to enter without being asked to register or being vouchered for by club members and there was disorderly conduct in general.

Conditions in the two Calgary clubs were practically the same. The Morning Star is the largest in the province, with a membership of about 1800 and many prominent people are connected with it.

EDMONTON, SATURDAY, MARCH 21, 1914.

**CITY AND G.T.P.
CANNOT RE-
AT AGREEMENT**

Question of Transfer of Tracks
Far From Settlement
As Ever.

**COUNCIL HOLDS SPURS
MUST BE IN LANES**

Insists That Rights of Property-Owners Must Be Protected.

The city council met in the council chamber this morning in special session and spent practically the whole of the two hours in a general discussion in committee of the whole of the question of the terms of the agreement to be entered into between the city, the G.T.P. and the C.N.R. relative to the transfer of the tracks of the G.T.P. from the south to the north half of McKenzie avenue.

The special meeting was called today, as, if the agreement is to be finally passed by the dominant parliament, no assembly must be on the order paper not later than Monday next. But there is possibility of its being held at that stage as the council and the G.T.P. are not agreed on the terms of the agreement and therefore could not make any progress this morning. After hearing from all interested parties and finding that it would be impossible to approve of the agreement in its present form, Alderman Clarke moved that the agents of the city in Ottawa be notified that until provisions are made by the railway companies affected for the running of spur tracks between blocks 5 and 6 without additional cost, to the property owners, other than that allowed under existing agreements, the council will not consent to any change of the existing agreements.

Unanimous Vote of Council.
This motion was agreed to in committee of the whole, reported to council and received the unanimous vote of the members of each of the three clubs. The letters were in each case the same and as follows:

March 20th, 1914.
Sir—I beg to advise you of the "permission" granted to—(name of the club)—issued by the attorney-general under authority of the Liquor License Ordinance, as amended, and terms and conditions framed thereunder. As this day hereinafter, I beg to further advise you that during the period of such suspension you shall be deemed to be in violation of the above-mentioned section of the liquor license ordinance.

JOHN D. HUNT,
Acting Deputy Attorney-General.

The reasons given for the suspension of the licenses were the infraction of the following clauses contained in the regulations issued by the attorney-general regarding the conduct of such clubs:

Clause 4. No sale or other disposal of liquor shall take place in any club between the hours of 12 midnight and 8 o'clock the following day.

Clause 9. A club shall not allow any drunkenness, violence, quarrelsomeness, riotous or disorderly conduct, or gambling to take place on its premises, nor shall any servant or officer of a club sell liquor to any drunken person, and no such person shall be allowed to consume any intoxicating liquor on club premises.

Clause 12. No liquor shall be sold or disposed of at a price except for consumption on club premises.

Clause 14. It was allowed to enter without being asked to register or being vouchered for by club members and there was disorderly conduct in general.

Conditions in the two Calgary clubs were practically the same. The Morning Star is the largest in the province, with a membership of about 1800 and many prominent people are connected with it.

**BULLETIN BULLES
NEWSBOYS; LITTLE
MERCHANTS STRIKE**

Circulation Manager Unable to Compel Them to Do an Impossibility
Such as to Sell the Evening Edition of That Publication
Because the People Will Not Buy It.

(By Eddie, spokesman for the newsboys.)
We newsboys have had trouble with the Bulletin, and I want to let the people know all about it. The row did not start this morning when all of us were refused papers, but some weeks ago, and has been going on ever since. Mr. MacNair, the circulation manager, has been wanting us to take as many Evening Bulletins as we take morning papers, and we can't sell them, so why should we take them? He wants us to pay cash in advance when he knows that we can't get rid of them. Why we can't sell one Evening Bulletin out of 100 papers, and we are in the game for the money.
This morning he told us that if we did not take the evening paper we could not take the morning sheet, and he told him we would not stand for that, and all of us but two refused to take them under those conditions. The Bulletin has been against us, and they can't do it for we won't stand for it. If we must sell the evening paper that isn't our fault, and we are not going to buy them when there are other papers in the city that we can sell easily.
We want fair play, and I guess if the Bulletin won't give us it we will get it any way, for there are plenty in the city who will help us, and very few that will take the side of the Bulletin against us.

**Another Large Industry
Is Cinched For Edmonton**

American Automatic Damper Company Will Erect Branch Factory Here—Representative States This Only City That Makes Him Zealous.

W. B. Wilson of Portland, Ore., principal shareholder in the American Automatic Damper Company, which has factories in Bridgeport, Conn., and Portland, is in the city in connection with business of the company and announces that a factory to supply the Canadian market for the stove dampers manufactured by the company, will be built in Edmonton.
At the King Edward hotel this morning, Mr. Wilson stated that the Pacific coast cities of the United States looked good to him after starting in this trip to Canada, even after he had visited Vancouver, Victoria, Calgary and other centers. However, after seeing Edmonton learning something about its advantages and particularly about the remarkable number of people, he has fully decided that here at least is a city which makes him zealous.

"This is the best town in the country today," he stated. "And yet you have not started to build a factory here. No details have been worked out as to whether it would be advisable to put a factory on this side of the line. However, the interest has been so altogether favorable that all his doubts in the matter have been obliterated. He will stay in the city for a few days, making final arrangements with his associates in the Canadian rights of his product, after which he may take a trip north."

Mr. Wilson has sold the Canadian rights for the automatic dampers, which are used on stoves, furnaces and fireplaces, have been sold in and around Edmonton and so promising prospects look for a steady growing market that a factory will be built here, the third on the North American continent.

Mr. Wilson would not state exactly how large a factory would be built or in what part of the city it would be erected. No details have been worked out as to whether it would be advisable to put a factory on this side of the line. However, the interest has been so altogether favorable that all his doubts in the matter have been obliterated. He will stay in the city for a few days, making final arrangements with his associates in the Canadian rights of his product, after which he may take a trip north.

OLD COUNTRY FOOTBALL

London, March 21.—The following are the results of football games played today on the ground of the first mentioned club:

First division—
Aston Villa 1, Burnley 0.
Blackburn Rovers 2, W. Bromwich 0.
Bradford City 2, Sheffield U. 1.
Derby County 2, Chelsea 1.
Liverpool 3, Preston North E. 1.
Manchester City 0, Bolton W. 1.
Middlesbrough 2, Manchester, postponed.
Sheffield U. 2, Oldham A. 1.
Preston N.E. 2, Newcastle U. 0.
Second division—
Huddersfield 1, Stockport County 0.
Blackpool 2, Dumbarton 1.
Bury 1, Glossop 0.
Fulham 1, Leicester Fosse 2.
Huddersfield T. 1, Partick Thistle 1.
Hull City 1, Bradford 3.
Lincoln City 1, Leeds City 0.
Nottingham 1, South End United 0.
Wolverham 4, Notts County 1.
Woolwich A-Grimby Town, postponed.

**LIBERALS TO HOLD
THREE MEETINGS IN
CITY NEXT WEEK**

The remaining three districts will be organized by the liberals of the city at meetings on Monday, Wednesday and Thursday evenings next week. All liberals are invited to take part.
On Monday evening at 8.30 the meeting, which was postponed from last Wednesday, will be held at the old Hotel de France, in church on Sixth street, last north of Jasper, and T. B. Malone, convenor, assured those in that district that best will be provided this time, judging by the row which came out Wednesday night, this will be one of the largest and most important meetings of the whole city. The district lies between

**THINK MEDICAL
INSPECTION OF
SCHOOLS NEEDED**

Separate School Board Un-
animously Agree With Public
School Body.

**WILL PAY ONE-FIFTH
SALARIES OF OFFICIALS**

Under Proposed Scheme As-
sistant to Doctor is
Necessary.

While no definite action was taken at the meeting of the separate school board held yesterday afternoon in the Third street separate school, yet a very unanimous spirit prevailed throughout and the members of the board were quite agreeable to working in harmony with the public school board in the matter of medical inspection of schools. The aim of the meeting was to discuss medical inspection of separate schools, there being present besides the members of the separate school board, Mrs. Dunn and Whitehead.

Having gone into all matters pertaining to this movement, the board were agreed that there should be medical inspection and suggested that they should have the privilege of naming an assistant to Dr. Dunn. If this suggestion is finally approved the separate school board would be agreed to pay one-fifth of the salaries of both officials, and would also agree to have the assistant work directly under Dr. Dunn. The separate school board has a very fair one and will be given careful consideration by the school board and the medical health department.

Assistant is Necessary.
The necessity for an assistant to Dr. Dunn as inspector of schools may best be illustrated by comparing the population of the Edmonton schools with those of Vancouver where there are two inspectors. In Vancouver the school population numbers 12,900 while in Edmonton there are 9,000 and at the present rate of growth the school population of the city will soon be on a par with Vancouver.

If an assistant is appointed in the near future in accordance with the plan now under consideration, the public school board will be asked to increase the salaries more than \$500 as the separate school board would be responsible for one-fifth of the amount. This with Dr. Dunn's salary of \$3,500 and an assistant at \$1,500 to start with, would mean all one-fifth would be \$1,000 and the public school board would then be asked to pay \$2,500 more. When the matter is more fully discussed it is probable that the separate school board may be willing to even do better than one-fifth although that was the figure mentioned at the meeting yesterday evening.

Will Work Harmoniously.
One thing is certain, however, and that is that the separate school board are quite agreeable to working in harmony with the public school board along the lines suggested, and this being the case there should be no difficulty in arranging satisfactory methods of school inspection, which will include all the schools in the city. At the present time the work in the public schools has grown to such proportions that one inspector finds it most difficult to give the attention necessary in seeing that proper medical inspection is provided. Under the proposed scheme an assistant would relieve this matter and give better inspection thus improving the health of the city and especially among the young.

**MADAME CAILLAUX
BEING SHOWERED
WITH ATTENTION**

Paris, March 21.—Madame Caillaux, the assassin of Gaston Calmette, was showered with attention today. Her friends and acquaintance having partly recovered from the shock caused by her act, are now showing their interest in her fate and hundreds of them have written to her or left cards at Saint Lazare, with attestation of sympathy. She receives a huge bag of letters in every mail, as well as great bouquets of flowers, baskets of fruit and packages of books.

Alleged Bandit Killed.

Shawnee, Okla., March 21.—In a fight with a sheriff's posse near here early last night, Joseph Patterson, who is charged, robbed the state bank of Nowell, Okla., late yesterday, of \$12,000, was shot and killed. Dr. Charles Hawke, chief of police of Shawnee, and Frank Timmons, a deputy sheriff, were wounded.

**OUTSTANDING FEATURE
OF NEWS FROM IRELAND IS
DISAFFECTION AMONG
REGULAR ARMY OFFICERS**

Many resignations of those ordered to proceed to Ulster—Number of vacancies is rapidly increasing and all the soldiers may have to be withdrawn and fresh troops sent—Situation may give peacemakers their desired opening

London, March 21.—A mutiny of two companies of the Dorsetshire regiment stationed in Belfast is reported by the Pall Mall Gazette.

The Pall Mall Gazette's message says: "When the men of the first battalion of the Dorsetshire regiment were paraded in Belfast today and notified that they were being transferred elsewhere, they threw down their arms. A sergeant stepped forward saluted the officers and said:

"We will have no Home Rule here."
"This is thought in some quarters to be an exaggerated version of the reports of unrest among the regular troops in Ulster."

Dublin, March 21.—The first victim of the existing state of excitement in Ireland was a soldier at the Carragh camp who was late for roll call. He attempted to scale a wall of the barracks and was shot by a sentry. It is thought that the wound will prove fatal.

London, March 21.—The outstanding feature of the news from Ireland today was the disaffection among the officers of the regular army under orders to proceed to Ulster with their regiments. The actual number of resignations among them still was not known. That it was considerable was evident from the earnest consultation of cabinet ministers regarding the best means of countering the movement.

The actual fact of this disaffection is the more disconcerting to the military authorities since the army is already seriously short of commissioned officers.

Threats of a crisis in the army if a movement of regular troops was undertaken against Ulster had long been current, and in some quarters it is believed that the sudden marching of the limited number of troops was necessary so that the military authorities might gather an idea as to how widespread the army disaffection was.

Immediately after Colonel Seely, the secretary of state for war, had been in audience with King George at Buckingham Palace this morning, Colonel Seely summoned a meeting of the army council, which took the necessary steps to replace officers who had resigned.

According to reports, however, the number of vacancies is rapidly increasing, and it seems possible that all the regular regiments, which have been serving in Ulster may have to be withdrawn and replaced by fresh troops, as the public school board will be asked to increase the salaries more than \$500 as the separate school board would be responsible for one-fifth of the amount. This with Dr. Dunn's salary of \$3,500 and an assistant at \$1,500 to start with, would mean all one-fifth would be \$1,000 and the public school board would then be asked to pay \$2,500 more. When the matter is more fully discussed it is probable that the separate school board may be willing to even do better than one-fifth although that was the figure mentioned at the meeting yesterday evening.

Chance For Peacemakers.
This momentary slaking of the crisis from Ulster to the army may give the peacemakers their desired opening.

The return of Arthur J. Balfour, former unionist premier, to London has given more to the advocates of a compromise. The return of the premier has served long years side by side in the political field, and understand and appreciate the situation. Premier Asquith and Andrew Bonar Law, the official leader of the opposition in the house of commons, whenever they have come into contact have given, embittered displays of their mutual dislike.

It was thought in many quarters today that if the government would concede to the country the same perpetual deadlock on the question of home rule instead of compelling them to come under the Dublin hard-nosed at the end of six years, a way out of the present difficulty would be opened. The Nationalists have contended that Ulster men would be glad to join the home rule scheme once it had been demonstrated that the force of unfair treatment was unfounded.

King George himself is taking an active part in the negotiations. He is not refusing his conferences to members of the cabinet, but has been in communication with Arthur J. Balfour, and gave an audience to Field-marshal Lord Roberts after he had seen the last of his army war.

Cause of Movement
"Liberals will not finish one inch before the arrogant and insolent phalanx of Toryism" was the message conveyed today by David Lloyd George, chancellor of the Exchequer, to a mass meeting of Liberals at Bedford. The chancellor was talking about Ulster and the attitude of the unionists.

"The country is confronted with the gravest issue in the history of democracy—movement since the days of Stuart."

"Representative government in this land at stake. I am here on behalf of the government to say we mean to confront this defiance of popular liberty with resolute and unwavering determination. Whatever the hazard may be. We are not fighting about Ulster or about home rule. We are fighting for that which is essential to the survival of the state."

**DEPOSED SULTAN OF
TURKEY IS SAID TO
BE SERIOUSLY ILL**

London, March 21.—Abdul Hamid, the deposed Sultan of Turkey, is said to be in a critical condition, according to a despatch from Constantinople. The deposed ruler has been ill for some time.

**Picture of Next White
House Bride.**

Picture of the next White House bride, Mrs. Wood Wilson, daughter of the president, who is to become the bride of Secretary of State McAdoo, was shown today. This photograph is said to be the favorite of Miss Wilson. It is expected that the next White House bride and Mrs. Wood Wilson will soon journey to New York to make arrangements for the wedding. The bride is said to be a very attractive young woman.

ALL THE TOWNS ARE OCCUPIED BY REGULAR ROOFS!

At Every Unionist Center There is Great Animation Among the Volunteers.—Two Torpedo Boat Destroyers Arrive at Belfast Lough and Land Officers and Men of Yorkshire Regiment.

WAS TROUBLED WITH Weak and Dizzy Spells.

Heart Would Beat Something Awful.

Those feelings of weakness, those dizzy spells which come over people from time to time, are warnings that must not go unheeded.

They indicate an extremely weakened condition of the heart and a disordered state of the nerves. One dizzy spell may pass off, but eventually they will come frequently, and at the same time more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills before their case becomes hopeless, for they have no equal for restoring the heart to its usual strength, and making the nerves firm and steady.

Mrs. Len. Kinney, Moose Mountain, N.B., writes: "I was troubled with weak and dizzy spells, and my heart would beat something awful. I got so I had those spells every day. I got so I would try one medicine, and then another, but nothing did me any good until I got Milburn's Heart and Nerve Pills. I can safely say they did me more good than anything I ever took, for I feel like a very different woman. My friends often ask me what I have been taking, and I always say 'Milburn's Heart and Nerve Pills.' I tell all my friends to take your pills, heart troubles, to take your pills. Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct at price by The T. Milburn Co., Limited, Toronto, Ont."

"The Adventures of Kathlyn"

Empress Theatre, Next Mon.

to the four grade school pupils who write the best Essay on "INDIA."

Essays must be in before
Monday, March 23rd, at 6 p.m.

Enclose "KATHLYN" coupon and bring or send Essay to either the Empress Theatre or Daily Capital Office. Each contestant must also give name of his or her teacher.

LOOK FOR COUPON

Winning Essays will be announced Monday Evening at Empress Theatre at 9 o'clock.

and is of historic interest owing to its having been the landing place of William the III. Field guns were mounted on the old fortifications there this afternoon.

Orders were issued to place other battalions of artillery at strategic positions around the city of Belfast.

It was generally expected that a cavalry brigade would be concentrated in Belfast during the week end. The sixteenth Queens, Lancashire and the fourth Queens Own Hussars stationed at the Curragh, were yesterday ordered to be ready to move north at a moment's notice.

Sudden preparations by the war office thus far have not created any public demonstration in Belfast. The leaders of the so-called Unionist provisional government, however, admit their anxiety lest the situation should become precipitate riots during the two days of festivity at the week end and give their opponents the opportunity for enforcing rigorous repressive measures.

Sir Edward Carson, Ulster Unionist leader, and his lieutenants desire the government to take the first provocative step.

Carson Advises Calmness. Sir Edward, realizing the vitalness of the situation, has given a public statement as to his attitude towards the situation. He has advised that all these troops movements today again during the Ulster men to keep cool and urged the Ulster men to keep cool and urged the Ulster men to keep cool.

The city this morning presented its normal outward aspect. All the various businesses were open and in accordance with the urgent request of the Unionist leaders all the men worked until their usual hours of closing time.

Sir Edward Carson did not emerge today from Craigavon, the residence of Captain Craig, three miles from the city. There he continues to hold his "cabinet council" with Captain Craig, the Marquis of Londonderry, the Earl of Ranfurly, the Earl of Clanwilliam and other Unionist workers.

The East Belfast special service corps, which corresponds to the early American minute men, were ordered to the barracks in Dublin to Belfast.

The West Belfast special service corps this morning and took up its duties in Captain Craig's grounds.

Documents Are Hidden. The old town hall of Belfast which is the official headquarters of the "provisional government" has been denied to all. The important equipment as well as all documents, papers and other papers have been removed from it and hidden in a variety of places after being distributed to most important leaders of the unionists. This was done in consequence of the announcement of impending arrests, which the unionists contend brought about the present crisis.

"Every volunteer" in Ulster still stands ready "for mobilization" in the provincial government's postbox house by which letters and despatches are delivered by hand to the various points of Ulster, quicker than by the government post, was busy all night sending and receiving communications to and from the various mobilization centers of the Unionists. A wireless station on the roof of the old town hall also was at work, while some of the rooms of the building, which have been fitted with telegraph instruments for the instruction of the women telegraphers who are to take over the lines of communication, were filled with workers.

The drug stores of Belfast have laid in large supplies of surgical and medical equipment. The feeling of unrest among certain sections of the government forces is very strong. Some of the soldiers and officers of the Ulster infantry battalions quartered in Ulster, including the Dorsetshire regiment and the Norfolk regiment, openly have expressed their disinclination to take the offensive. This does not cause any surprise among the officers, who generally expect wholesale defections. A significant illustration of this attitude was given yesterday by the inhabitants of Enniskillen, who hung flags along the streets in honor of the arrival of a battalion of the Bedfordshire regiment.

Utmost Activity Prevails. London, March 21.—The utmost activity prevails at the war office and in the other departments of the government affected by the apparently grave situation in Ulster. All the secretaries of state today cancelled their usual week end trips to the country.

John Seely, secretary of state for war, and Winston Spencer Churchill, first lord of the admiralty, conferred at the war office this morning.

After the conference a statement was issued confirming the report of the resignation of some army officers serving in Ireland, and stating that these cases would be dealt with by the normal course by General Sir Arthur Paget, their commander in chief in Ireland. "In the meantime the officers concerned," according to the statement, "are performing their duties, which duties naturally include obedience to orders."

Rumors were in circulation today that many other officers of the army serving in the south of Ireland will resign their commissions if ordered to Ulster.

Meanwhile General Sir Arthur Paget continues to dispose his troops where they can protect government property and maintain law and order. A detachment of 150 men of the regular army arrived this morning at Carrickfergus, near Belfast, to reinforce the garrison. Large quantities of arms and ammunition are stored there.

In order to prevent an outbreak the police in Ireland have been told not to take any steps to enforce the gun license act in cases where members of the "Ulster Volunteers" are seen carrying rifles in camp or elsewhere. The act empowers the authorities to seize all unlicensed firearms. The great danger is believed to be in the possibility of Orange and Nationalist workmen coming to blows. This might start a general conflict. King George is keeping in close touch with the situation. He summoned the secretary of state for war to Buckingham Palace at an early hour this morning, and also sent one of his private secretaries to the premier's residence in Downing street to secure the latest information. London, March 21.—Right Hon. Sir West Ridgeway, the distinguished

She Got So She Was Almost Insane

And Then Found a Cure in Dodd's Kidney Pills.

That's Why Mrs. Wellington Dunlop Says Dodd's Kidney Pills are the Best of All Medicines.

South Waterloo, York Co., N.B. March 20.—(Special.)—Mrs. Wellington Dunlop, an estimable resident of this place, has given a most interesting interview in which she states that she believes Dodd's Kidney Pills to be the best of all medicines. Mrs. Dunlop says:

"When I commenced taking Dodd's Kidney Pills I was in a terrible condition. I had been sick for over a year and had paid out more than one hundred and thirty dollars for doctors and medicine, but I had not improved, and then I got just as bad as ever."

"The doctor said my trouble came from my stomach. His medicine relieved me for only a few minutes after I had taken it, and I got so that I was nearly insane."

"I had not taken Dodd's Kidney Pills two days till I was much better. I took twelve boxes in all, and I can truly say they have done me more good than any medicine I have ever taken."

Dodd's Kidney Pills are suffering woman's best friend. If you haven't tried them yourself, ask your neighbors.

A diplomat who first suggested a referendum on the Irish question, and who has been one of the most prominent and respectful interest on all sides writes today that both sides have made grievous mistakes. The government is not firmly suppressing at birth the revolutionary movement, and by refusing to make just concessions it has until the eleventh hour, and the opposition because, fired more by hatred of the government than by love for Ulster, it has been the flame of revolution in the hope that Premier Asquith and his colleagues may perish.

"If there is civil war," writes Sir West, "the country will have had just enough of it. The revolution is a 'clapnet' on both sides and will hope to relegate them to the obscurity and dishonour which is the reward of the victor who will so richly deserve it. The only way out of the impasse seems to be a referendum such as was formerly proposed by Bonar Law. The arguments used by Mr. Asquith, who seemed somewhat taken by surprise when an honorable proposal was made from the leader of the opposition were we will not say feeble, but certainly not forcible, and the government, in the opinion of all but extremists, place themselves in a very false position if they refuse to adopt the only reasonable solution of the problem which now seems possible."

NOVEL STREET NAMING SCHEME THIS APPEALS

Councillors Much Struck With Plan Submitted by "Edmonsoncon."

MANY OF STREETS AND AVENUES AS AT PRESENT Suggests Philadelphia System For City House Numbering.

Members of a special committee appointed by the city council to consider the new naming and numbering scheme spent a good deal of time yesterday in studying the best proposals submitted out of a total of over 200. It is the opinion of the members of the committee are worthy of consideration, and they have agreed to submit the plan of the council chamber. Space would not permit of a description of many of the systems submitted, but the plan of the committee is the one which has been adopted by the council, but there is one bearing the name of "Edmonsoncon" which appeals to the committee and to others who have seen several of the schemes.

In the plan submitted by "Edmonsoncon" numbered streets start west from First street as at present, and numbered avenues south from Whyte avenue as at present, thus leaving a large portion of the city unchanged as far as the street names are concerned.

All streets east of First street are alphabetically named with the names of prominent cities, such as Aberdeen, etc.

All streets east of the exhibition grounds are named after prominent cities and towns, such as London, etc.

The names of streets and avenues are given in alphabetical order, for example, Addison, Bruce, etc.

The names north of Jasper have been given the names of well known rivers, commencing with Athabasca, etc.

West of the river bend and beyond Thirty-third street, the streets are named after famous cities, such as London, etc.

The names of streets and avenues are given in alphabetical order, for example, Addison, Bruce, etc.

The names of streets and avenues are given in alphabetical order, for example, Addison, Bruce, etc.

are named after trees, such as Ash, Birch, etc., this being in the vicinity of the city of Toronto.

The names south of Whyte avenue are numbered one up as at present, but the house numbers will be divided east and west from Main street and there will be no need to use southeast or southwest in the names of the streets.

The names north of Whyte are named in alphabetical order after prominent historical characters.

All streets east of Main street (to be known as Strathcona boulevard) will be named after the names of well known mountains, such as Athabasca, Baker, etc.

All streets west of Main street will bear the names of authors and poets, being in keeping with the university grounds, such as Addison, Byron, etc.

Where short streets or avenues intersect with the main streets, the names of the streets will be the same as the initial being the same as the street through which they pass.

Along Jasper and the river, in the heart of the city, the names of the streets remain the same as at present, thus St. Mary, Victoria, Parliament, etc.

The house numbers under this plan will begin at the corner of First and Main, the north side and at the corner of Main and Whyte on the south side of the river. The Philadelphia system will be used, which allows 100 numbers to the block, the few numbers being in the center of the block.

The members of the committee, consisting of Aldermen East, Kinney and Sheppard, together with acting Mayor Driscoll, will probably recommend several of the best schemes to the council for consideration during a special meeting today or at the regular meeting on Tuesday evening.

BETTER WEATHER OF SUMMER WEATHER IN CERTAIN LINES

But in General Business Shows Little Change and on the Whole is Quiet.

REVIVAL OF ACTIVITY NOTICED IN EDMONTON Gross Earnings of Canadian Railways Show a Decrease Over Last Year.

New York, March 21.—Despatches to Dun's Review from branch offices of T. G. Dun and company in leading cities of the Dominion, state that while improved weather has been of some benefit in certain industries, business shows very little change and as a whole is quiet.

Montreal reports that spring-like weather has been beneficial to some lines, but country trade is quiet. Wholesalers of dry goods are receiving better selling orders, but the mills say that jobs are buying clothes and underwear is not very active and the demand for leather is low. There is a general movement of groceries and prices of most staples are low.

Business at Quebec is normal for the season and improvement is looked for in the near future.

A slight increase in activity is noted in Toronto. The lumber trade and merchants are becoming more satisfied with prospects. Seasonable weather has helped the movement of dry goods, and groceries are in fair demand, and there is a better inquiry for hardware, metals and building materials. Sales of bonds and shares are fair, and there is a moderate recovery for leather at firm prices.

Trade at Hamilton continues quiet, although the feeling has improved with the approach of spring.

In the far west the northwest business is about the average, and from now on improvement is looked for. Winnipeg reports some falling off in the demand for contractors' machinery and other supplies but there is an active trade in footwear and an improving demand for dry goods. The spring millinery business has been especially good.

There is little change at Calgary. Business here will fairly active and further improvement generally expected. "Edmonton reports country trade only fair, but in the city there seems to be some revival of activity."

Jobs at Regina report a brisk demand for staple merchandise and retail trade and particularly in millinery. Pretty good.

Gross earnings of all Canadian railways for the first two weeks in March show a decrease of 12 per cent, as compared with the earnings of the same years for corresponding period a year ago.

BARTENDER FINED FOR SELLING DRINK TO YOUTH OF 19

Sidney Norley, a bartender employed in the Northern hotel, was fined twenty-five dollars and costs yesterday afternoon by Magistrate Maclean for selling liquor to a minor. The lad was 19 years of age. The boy had appeared before the magistrate yesterday morning. When Magistrate Maclean was told he was only sixteen years of age, he reported the matter to the chief, and asked that steps be taken to have the boy's name removed from the list of those who had been fined for selling liquor.

WOMAN SENTENCED TO FIVE YEARS FOR PROCURING MAKES PITIFUL APPEAL FOR MERCY

Judge Taylor Strongly Condemns Prisoner Saying Not Only Had She Destroyed Young Girl's Body But Also Her Soul—Worse Than Murder, He Says.

"I consider your crime to be worse than murder," said Judge Taylor in denouncing her face was an even deathly hue than before. Breathing heavily she almost swooned, but recovered herself in a few years in the court. Then she burst into an uncontrollable fit of sobbing and implored the mercy of the judge. "You have led the girl into a living hell," he continued. "Not only have you destroyed a young girl's body but also her soul—God help you! An example is needed very badly in such a case. There is no reason why I should be at all lenient with you. Apart from the example it is only right that you should be punished in the place where you can be taken care of."

Although the crime is an awful one, the people in the court could not help but sympathize with the pitiable woman. She is a consumptive, and her health is very poor. She is a mother of three children, and her husband is a drunkard. She is a woman of good character, and her crime was the result of a momentary weakness. She is a woman of good character, and her crime was the result of a momentary weakness.

FRANCHISE OF WINNIPEG CLUB MAY BE SOLD

Transfer May Be Made Today to Former American Promoters.

Winnipeg, March 21.—The sale of the Winnipeg baseball club may take place today. This was the announcement made by the promoters of the club, who are now in the city. The club was made last night, when asked how things for the transfer of the club were progressing. Mr. Palford did not care to divulge any of the particulars owing to the fact that the deal had not been closed, but he thought it would most likely go through.

F. E. "Scotty" Brown, and Jack Peckham, former Americans, had been in the city for some time, and the men who are looking for the sale of the club, and they have been trying to close the deal for some weeks without success.

Speaking last night Mr. Brown said that he hoped to effect the transfer today. Though the price offered for the Winnipeg franchise has not been made public, it is expected it amounts well up into the thousands.

Surveying Work is Pushed. J. J. Stock of Ottawa is in the city on his way to the Winnipeg Lake district, 25 miles north of Grand, where he is about to survey seven townships. He says that this summer seven parties will be at similar work in the north, surveying land along the routes of the Edmonton, Durban and British Columbia and Central Canada railways. A quarter of a million acres of land in those lines will soon be thrown open for homestead entry.

Call and see this beautiful book that would sell for \$4 under usual conditions, but which is presented to our readers for SIX of the above Certificates of consecutive dates, and only the \$1.20

(Sent by Mail, Postage Paid, for \$1.60 and 6 Certificates)

PANAMA AND THE CANAL. Regular Octavo size; text matter practically the same as the 14 volume; bound in this vellum cloth; contains more than 600 full-page illustrations, including beautiful pages reproduced from water color studies in colorings that far surpass any work of a similar character. Call and see this beautiful book that would sell for \$4 under usual conditions, but which is presented to our readers for SIX of the above Certificates of consecutive dates, and only the \$1.20

FRATERNAL NEWS AND NOTES

GRAND LODGE K. O. P.
MEET AT SEDGWICK
SPLENDID PROGRESS

The seventh annual convention of the Knights of Pythias, was held last week at Sedgewick, Alberta. The convention was attended by delegates from all parts of the province and one of the most successful sessions in the history of the lodge was reported.

The convention opened with the report of the credential committee and the introduction and conferring of the Grand Lodge degree on a number of representatives attending the Grand Lodge for the first time. On Wednesday the Grand Lodge continued their session, the morning being given up to the reception and consideration of reports, and before adjourning for lunch a message of greeting was sent to the supreme chancellor, and the following was read:

To the Grand Lodge, Knights of Pythias, Sedgewick, great. The officers and members of Sedgewick Lodge No. 25, Independent Order of Odd Fellows, extend to you fraternal greetings and good wishes for continued prosperity. We hope also that your return here may awaken joyous feelings and that you may carry to your homes memories of pleasant things and a consciousness that your deliberations have been promissory of good for Pythian Knighthood. We welcome you in Friendship, Love and Truth.

The grand keeper of records and seal was instructed to suitably accede the greetings. The delegates then chosen the election of officers for the ensuing year were elected as follows: Grand chancellor—W. A. Irvin, Sedgewick.

Grand vice-chancellor—J. B. Boese, Cliveholm.

Grand prelate—W. C. Allen, Edmonton.

G. K. R. S.—C. H. Stapleton, Sedgewick.

G. M. of E.—J. G. Harper, Lethbridge.

G. M. of A.—H. G. Griggs, Edson.

G. L. G.—A. Brown, Loughdale.

G. O. G.—G. Buckham, Calgary.

Grand Treasurer—W. T. Bauman, Medicine Hat.

The officers were then installed by Supreme Representative F. P. Deal, who and C. F. Conybeare. The Grand Lodge unanimously accepted the invitation from Medicine Hat to hold their next convention there, commencing the second Wednesday in March, 1915.

The convention closed by a grand ball given by the Sedgewick lodge in honor of the visiting delegates and brethren. The music was supplied by the 101st Fusiliers' orchestra, of Edmonton.

PURITY, PROGRESS,
AIR, PRINCIPALS OF
MOOSE ORDER

The next regular meeting of the Local Order of Moose will be held in the Moose hall, 461 Fraser avenue on Tuesday, March 24, and all members are requested to attend, as some very important business will be transacted.

Also the Moose will give a whist

NEW MANHOOD

Dr. Metzger's Vitalizer Body Builder is the greatest self-cure for weakness and debility. The world has never known. No drugs, no medicine, no dieting, no unusual demands of any sort. Just come all day, and you will see the work. It sends a stream of vital life into your nerves, organs and blood, during the time you are asleep. It also cures rheumatism, nervousness, stomach, liver and kidney disorders, varicose, and stops leucorrhea.

Dr. Metzger's Dry Cell Storage Battery is a high-grade battery, requires no watering with vinegar, and gives 100 per cent. water applied, gives 400 per cent. greater service, and is sold at a price without added cost for fancy boxes.

A booklet with full particulars mailed free, sealed.

"TWELVE STORIES OF SOLID COMFORT"

When You Come to Seattle Come to THE SAVOY

A large party of officials of the Grand Trunk Pacific railway is expected in Edmonton next Wednesday. From here they will proceed to the party, and west to the point where the two railroads are expected to meet about a week from today to celebrate the event, probably by driving a golden spike.

Although J. F. Philip, local agent, has not yet received information regarding the matter, it is said that President E. C. Christen will lead the party, and that it will include W. P. Hinton, general passenger agent, who is being recalled from a trip to California. The last spike will be driven at some point between Prince George and Fort Fraser.

ASTOR MAKING HOENEY-MOON PLANS

Living as it does "One for all and all for one" which places the order behind the man, as well as the man behind the order.

The Loyal Order of Moose should appeal to the good man as one of his lines of duty to be discharged in the interest of himself, his family, and his fellowmen. It has opened an avenue along philanthropic lines whereby men are enabled to broaden themselves and grow into a nobler manhood, by assisting others with the effort put forth to assist themselves.

Can you afford to refuse to affiliate with half a million men who assist you in your hour of need and when death overtakes you, insure the welfare of your family, and the education of your children?

Think it over.

Lodge Jottings.

A social was held on Thursday evening by the Jewel Rebekah lodge, No. 25, in the L.O.O.F. hall, NW corner of the block.

Maple Leaf Encampment, No. 14, I.O.O.F., announced the last of their dances for the month of March, April 3, in the Empire auditorium.

A meeting of the Sons of England frat. ball took place on Tuesday evening.

The Northumberland and Durham association will hold a whist drive in the square school hall on Monday evening, March 30, commencing at eight o'clock. A cordial invitation is extended to all.

At the regular meeting of Castle City lodge, No. 2, Knights of Pythias, on Wednesday evening, a report of the grand convention of Sedgewick was delivered by W. C. Allen and R. J. Gillis.

A well-attended meeting of the Arcturion lodge, No. 11, order of Eastern Star, was held on Tuesday evening, in the L.O.O.F. hall, NW corner of the block. A special prize was arranged and all report a splendid time.

The Royal Society of St. George held a meeting on Monday evening, March 16, when the annual report was presented and the election of officers took place.

A masquerade ball will be given in the Mechanics hall, Third street, on Wednesday evening, March 25, by the Western Vendors. Prizes will be awarded.

The regular meeting of the Unity Rebekah lodge, No. 47, will be held on Wednesday evening, in the Richards block, White avenue. All members are requested to attend.

Northwood lodge, No. 41, I.O.O.F., are being entertained on Monday evening, March 30, by the members of the Nanaimo lodge, No. 47, in a social and whist competition.

The third degree will be completed by the degree team of Nanaimo lodge, No. 47, in the Monday night in their hall, corner of Nanaimo avenue and Griesbach street.

Lodge Edmonton, Daughters and Maids of England, will hold a whist drive and dance on Monday evening, March 23, in the Cameron hall, Nanaimo avenue.

The last whist drive of the season was held by the Sons of England, lodge No. 2, in the Cameron hall, Nanaimo avenue, on Monday evening, March 23.

The Daughters and Maids of England and benevolent society, will hold an affair of their enjoyable whist drive in the Cameron hall, Nanaimo avenue, on Wednesday next, at 8 p.m.

Order of Chosen Friends

On Wednesday night of Chosen Friends will hold their regular meeting in the Moose hall, Fraser avenue on Tuesday next, at 8 o'clock.

The regularly monthly of Court Edmonton 1884 C. O. F., was held Tuesday evening. The nomination of delegates for High Court took place and new members were initiated into the mysteries of Canadian Forestry.

Brother Scott, of Court Manitoba, gave an address of C. O. F. Anybody wishing to join the order may do so by communicating with Brother Scott, recording secretary, 246 Street, NW corner, who will be glad to give any information with regard to the order.

A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

FOR \$1.20 ONLY

Art plates reproduced from water-color studies about throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class dictionaries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on International subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

\$400,000,000

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

BAILIFF'S SALE

Under and by virtue of a District Warrant given by Jemil Laff, Edmonton, to J.J. Creighton & Co. and to me directed against the goods and chattels of Grogan & Ryan, Edmonton, named in the said District Warrant, I have seized the following goods, namely: 1 cash register, 1 Columbia graphophone, 1 record, 1 show case, cooking dishes, 1 residence, one on record, and in full of the cases there is no record of case, occupation, education or from the figures secured is that 75% of the cases tried under duress directly traceable to the use of liquor. Religious education in the Sunday schools was emphasized by Bishop Gray who delivered a very interesting address last night. He advocated stricter discipline both as regards teachers and scholars and pointed out in a number of instances where there were weaknesses in the Sunday schools which should be remedied if the best work is to be done.

The work that is being undertaken in the technical school was well illustrated in an address from W. L. Richardson who has a mastery of this branch of the work that is nothing short of marvelous. Pre-vocational education is one of the most pressing needs of the present day and Mr. Richardson showed very clearly how the city purposes to handle this problem through the technical school which will be improved and added to as conditions permit.

TOO LATE FOR CLASSIFICATION.

SOCIAL SURVEY REPORTS CAUSE MILD SENSATION

Stated Many Girls in City Are Not Earning Living Wage.

MUCH MONEY IS SPENT ON LIQUOR IN EDMONTON
Committee Refers to Difficulties in Way of Getting Proper Returns.

The report of the committee recently appointed to take a social survey of the city was presented in the first Presbyterian Church last night, there being several very interesting addresses delivered. While the committee had hoped that the public would be sufficiently interested in the survey to turn out in large numbers to hear the return and the opinions of those who have given a great deal of thought to this subject in conjunction with the actual work of gathering the data, was a very small attendance.

Dr. Myers had charts prepared showing the results of the survey and making striking comparisons of existing conditions, these were on the canvas and explained them to those present. It was shown that while \$2,000,000 was spent in liquor in Edmonton last year only \$200,000 was spent on religious education of the young. It was pointed out by Dr. Myers that the average wages paid especially to girls who have to work for a living are not sufficient when the cost of living in the city of Edmonton is considered. This he contended is to a great extent responsible for the fact that so many girls are driven to seek easier ways of making money. Another striking illustration of the need for better protection for young women in the city was given from the fact that in one church alone, out of a total of 288 girls over 17 years of age there were less than 140 living away from home.

Hard to Gather Statistics.
In an address delivered by Dr. Riddell stress was laid on the fact that there is a very great lack of figures that would permit of a proper analysis of the spread of crime in the city and the province. He increased from 20 per 100,000 of 300 in the 12 months from June 30, 1911, to June 30, 1912. Dr. Riddell did not wish to infer that it was due to any lack of courtesy on the part of the officials of the city, as he had been given access to all the figures available. He concluded that the increase in crime must be largely due to the amount of railway construction work that is going on in the province and to the fact that there is a very large floating population in the cities on this account.

Court Records Inefficient.
Dr. Riddell also pointed out that there is not sufficient data kept in connection with the court records, there being only 12 per cent of the cases in court where the nationality of the accused is on record, and in 10 per cent of the cases there is no record of age, occupation, education or from the figures secured is that 75% of the cases tried under duress directly traceable to the use of liquor. Religious education in the Sunday schools was emphasized by Bishop Gray who delivered a very interesting address last night. He advocated stricter discipline both as regards teachers and scholars and pointed out in a number of instances where there were weaknesses in the Sunday schools which should be remedied if the best work is to be done.

The work that is being undertaken in the technical school was well illustrated in an address from W. L. Richardson who has a mastery of this branch of the work that is nothing short of marvelous. ARRANGEMENTS MADE FOR LAUNCHING NEW BANK IN ALBERTA

That the negotiations for the incorporation of the Bank of Alberta have been successfully carried out, that business will be started soon with branches in Edmonton and Calgary, and later in other centres of the province, the directorate will be composed of men from several of the cities and towns of Alberta to whom it is thoroughly representative, and that the head office would be housed in Edmonton's downtown business section, a new, modern, six-story building, was the announcement made last night by E. S. McQuaid, who has just returned from Ottawa, where he has been on the bank's business.

Trans Corporation has been secured without difficulty, stated Mr. McQuaid, the requisite amount of capital having been subscribed and assurance given to the minister of finance of the financial stability of the men behind the new bank.

Mr. McQuaid said he was not prepared to announce the location of the new building, but it is one of the finest of its kind in the dominion, of granite, with marble finishes and not only up-to-date in its construction, but with some features new to the city. The cost will be about \$250,000 for the building.

RENDERING FACTORY WILL LIKELY START IN EDMONTON SOON

Yesterday afternoon the city commissioners considered the application of Messrs. W. H. Chalmers and C. Munro for permission to erect a rendering plant at the south side incinerator and collect all the dead carcasses in the city. They asked permission to charge \$2 each for removing these carcasses, the city now charging \$5. Commissioner Booth said that while the city might lose some immediate revenue by giving up this business, yet in the long run it would be a benefit as there is a waste factory ready to start operations if the rendering plant is built. This would give employment to more than a dozen men. It also suggested by Commissioner Chalmers that with a small outlay the city could provide a means for rendering these carcasses. Other parties have been after the dead animals for almost a year with a similar proposition but not having come through it is probable that the city will step in with the new applicants who have the endorsement of the Industrial Commission.

WANTS TO FORCE SHACK OWNERS TO CONNECT WITH MAINS

Commissioner Booth stated in committee meeting yesterday afternoon that efforts are being made to compel all owners of shacks to connect up with the water and sewer systems of the city within their premises on or before May 1. Other commissioners suggested that this would be a hardship on many citizens but Commissioner Booth urged that it should be carried out and if necessary the city should make some arrangements to provide a location where the water and sewer mains have already been laid. When shacks have not notice to move off they could then be given ground room on this location. Commissioner Booth said that there were many citizens who have good positions and plenty of money living in shacks. He said that they would be chased off and forced to comply with the city regulations in regard to water and sewer.

SUSTAINS NASTY INJURIES RESULT OF FALL DOWN STAIRS

W. L. Lawler, a well known citizen of the south side, living at 663 Seventh avenue, N.W., sustained severe injuries as a result of falling down a dark stairway at a liberal meeting last evening.

Mr. Lawler was about to telephone a friend and was on the way to the telephone, which he thought was in the next room on the same floor of the building at the corner of Heinke and Klatsino. However, the door he descended the stairs and fell head-on to the floor of the cellar.

His face was badly gashed over the right eye and on the nose and after he had been examined by Dr. A. L. Campbell and taken to the Royal Alexandra hospital, it was learned that his right shoulder was dislocated and the bone (the humerus) broken at the tip. At the hospital today it was stated that he was progressing favorably and Dr. Campbell says he will be able to be out in about two weeks.
